

ROOM MEASUREMENTS WORKSHEET

EasyFloors makes it simple to get a fast quote for new flooring in your home. Use this worksheet to mark down the measurements and info you will need to enter into the app. When measuring rooms, you can round up to the nearest foot.

ROOM	WIDTH	LENGTH	CURRENT FLOORING	BASEBOARDS	LARGE ITEMS
example	12'	10'	carpet	no	bed; dresser

PHOTOS

When taking photos of your rooms, select a corner that will give you the widest field of view of the floor possible. Also note large items & appliances that will need to be moved. If you have any questions, check on the website for video examples and best practices.
